

The 21st Century Chiropractic Practice, what does it look like?

York – Peel Chiropractic Society

Is Proud to Present

Dr. Brian Kelly, D.C.

President of Life Chiropractic College West

In times of rapid technological, sociological and health care changes, what does the DC office of today and the future look like? What separates the high performing chiropractic teams who practice with focus, clarity, fun and joy from those that do not? The people in your community are looking for a new type of Leader in healthcare to emerge. What role can Chiropractic play? How will Chiropractic flourish in a 21st century vitalistic setting?

Dr. Kelly is the current president of Life Chiropractic College West in California and was the president of the New Zealand College of Chiropractic from 2002 to 2011. He is a past president of the Australian Spinal Research Foundation. In 2006, he was voted the best speaker by the students at the Auckland Medical School (NZ). In 2007, he was the Parker Seminars International Chiropractor of the year. In 2013 he spoke in Delhi India to an audience of over 1 million people. **Reserve the date, and commit to hearing this dynamic speaker.** You will be inspired, entertained and educated. At the York-Peel Chiropractic Society's Annual Seminar, spend time with Dr. Brian Kelly, one of the professions foremost thinkers in Chiropractic. You and your team, practice and family will all benefit from what you learn and experience. **THIS EVENT IS NOT TO BE MISSED.**
